

Mole Valley Quilters and Crafters

August 2026

- Our last meeting, the Garden Party was greatly enjoyed by all who came. The weather was fabulous and the scones delicious!
- Thank you very much to Penny for leading us in the art of Ikebana. I photographed a few finished arrangements but they were all gorgeous.
- Thank you also to Pam and Pete for being wonderful hosts its so nice to be able to have a catch up after the summer and find out what everybody has been up to!

Next Meeting

This Thursday, 3rd September, our speaker is Karen Crookes whose business, Sunflower Stitches, started from a long-time love of all things sewing and crafting. She will be bringing a pop up shop so bring some money in case you are tempted!

Saturday workshops

There will be two sign up sheets for Saturdays circulating at the meeting.

One for **26th September**, a regular UFO day with an added problem/help table to answer any sewing questions you may have.

A second one to sign up for **24th October** an 'in-house' workshop showing how to print abstract designs on paper for use on greetings cards etc, using shaving foam and ink. A fun and messy technique you will enjoy! Come and have a go!

Both workshops are £5 for members, 10 - 4pm in the Harrison Room. Tea and coffee provided, bring your own lunch.

WORKSHOP CANCELATION

Unfortunately, due to ill health, Pascal Michaelowski is unable to run the November workshop for us. We wish her a good return to health and hope to rebook her workshop in the new year.

Don't forget we are still looking for members to help with workshops by demonstrating their skills to the rest of us. You know we aren't a scary bunch!

GATWICK DOLLS HOUSE CLUB
