FEBRUARY 2018

Find us on Facebook—Mole Valley Quilters

I hope you all enjoyed our January talk by Gail Lawther on 'Glorious Gardens.' I think we all found the evening inspiring, interesting and ready to have a go. Gail travels all round the UK and further a field giving talks and workshops. She showed us her work/quilts inspired by her travels especially to New Zealand. She also explained her technique of Stained Glass Patchwork.

Patterns and books were on sale after the evening's talk. Gill Harris purchased the Deco Design and has nearly completed the Cottage Garden. There are four patterns in this series: Cottage Garden, Fruit Tree, Mountain Lake and Pine Trees.

Gill will bring her cottage Garden to show everyone!
