October 2121

Dear Members

Well here we are again back in the Hall for our second Meeting. This Month we do have coffee and tea but no biscuits!! I have made out a rota for Coffee and Tea until next year and should be very grateful if we could have some volunteers. I cannot remember who took the tea things away last!! If you could let me know that would be great! Also there is a sign up list for our Christmas Party. This is just to give us some idea on numbers for mince pies!!

I would like to thank Britt for arranging the Hall with social distancing in mind. Also we have fans and windows open. If anyone feels they would like more windows open please talk to Britt directly as she is in contact with the Caretaker.

Last month we had a very interesting talk by Cathy Corbishley-Michel on Cyanotype—a photographic method of printing on fabric using two chemicals and UV light to produce a cyan-blue print. Has anyone tried this yet?

We had 22 Members and 4 visitors at the meeting.

Tonight we welcome back Jenny Barlow to talk about the History of Quilts. Jenny has a large and comprehensive collection of quilts, including whole-cloth quilts, medallion or frame quilts and Victorian silk coverlets from across the UK. What a joy it will be see this collection for real! We look forward to a very enjoyable evening.
