September 2019

And time to sew!

Welcome back after a very hot and also wet summer I hope you all had a good rest and enjoyable time.

At our last I meeting in July we had a talk by Jenny Barlow on "Introduction to Hawaiian Quilts." A very interesting and intriguing talk and Jenny explained how to fold and cut the large patterns needed for this impressive style of quilting. I wonder how many of us have tried this!

Our Summer Garden Party in August was a great success and many thanks to Gill Penn for hosting this event in her lovely home—and we were all very envious of her sewing table! The food was delicious and the weather was fine so thank you everyone who came and made the afternoon such a success.

There are a couple of spaces left on Gail Lawther's workshop on Friday 4 October at West Horsley Hall. The subject is Doodlebirds. Although Gail does not supply kits she will bring some net and other bits but I am sure we can all share around. Any problems please let us know. There will be lists of "Requirements" available at the September meeting. Please make sure you have paid any outstanding amount to Britt.

We look forward to welcoming Kate Christie back as our speak this month.

Examples of Hawaiian Quilting

MVQ Members enjoying lunch at Gill Penn's

## Headscarves for the Royal Marsden Hospital

Sue Pindar has sent off 29 scarves to the Royal Marsden Hospital. Many thanks to Gill Penn and her sister and other MVQ members and also to Mad Jaks in Shere who donated the fabric.

## Festival of Quilts 2019

I hope that those Members who managed to visit Birmingham this year enjoyed the Festival of Quilts.

Congratulations to present Member Ruth Archer who is a member of the Exe Valley Quilters whose Group Quilt "Dry Stone Wall" won 3rd Prize. Ruth's block is at the bottom with pink thrift.

Congratulations to Penny Armitage, former Member of MVQ, who master minded the "Dry Stone Wall Quilt".

Congratulations also to Kate Christie, also a former member of MVQ, whose quilt was displayed

Dry Stone Wall Quilt

## House Groups

As we are a fairly new Committee I have been asked about House Groups—what they do, how to join etc. And therefore I wonder if we can have a list of the House Groups and who runs them. If at the September meeting House Group leaders could let me know I should be very grateful.

Penny Armitage's miniature quilt "Autumn Glade" - Batik, hand-dyed and commercial cottons, organza, net and threads inspired by tree artist Phil Greenwood.

## For Your Diary
